N.A. - Information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year. \*Information presented prior to June 21, 2004 pertains to portfolios managed by the Portfolio Management Team while affiliated with prior firms. The presentation conforms to GIPS® guidelines regarding the portability of investment results. \*\*Please be advised that the Russell 3000 Value Index return for the calendar year 2000 has been updated to 8.04% from (8.04)%. The return has been misstated in prior presentations. \*\*\*Net performance reflects the gross-of-fees return reduced by the investment management fee incurred. Effective 1/2008, net performance is calculated by deducting the actual investment management fee incurred by each portfolio in the composite. Prior to 1/2008, net-of-fee returns reflect the deduction of the highest annual management fee, calculated on a monthly basis.

1. U.S. All Cap Value Composite contains fully discretionary value-oriented equity portfolios managed by Epoch for long-term appreciation through investment in large-, medium- and small-capitalization U.S. companies. Epoch employs a research process focused on free-cash-flow generation as opposed to traditional accounting-based metrics such as P/E or P/B. As long-term-oriented conviction investors, the portfolio consists of approximately 50-60 securities which provides concentration with diversification, and typically limits the market capitalization of the securities in the portfolio to that of the Russell 3000 at time of purchase. The companies are selected based on their ability to generate free cash flow and to allocate it accretively among internal reinvestment opportunities, acquisitions, dividends, share repurchases and/or debt pay downs. Effective 7/1/06, the U.S. All Cap Value Composite has been redefined to reflect only those discretionary accounts managed by the All Cap Value Team and following the respective All Cap Value model. As a result, all accounts which are not managed by the All Cap Value Team and have specified client risk preferences have been removed.

4. Epoch Investment Partners, Inc. is a registered investment adviser. Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.
5. Results are based on fully discretionary accounts under management, including those accounts no longer with the firm.
6. Effective January 1, 2008, our significant cash flow policy has been removed. This policy amendment will not be applied retroactively. Effective January 1, 2006, our significant cash flow policy had been redefined as in excess of 25% of the portfolio market value. Prior to January 1, 2006, composite policy required the temporary removal of any portfolio incurring a client initiated significant cash inflow or outflow of 10% or greater of portfolio market value. This policy was not applied to the advised Epoch mutual funds, if applicable. Additional information regarding the treatment of significant cash flows is available upon request.
7. Valuations are computed and performance is reported in U.S. dollars. Returns are presented gross and net of management fees and include the reinvestment of all income. Net performance reflects the gross-of-fees return reduced by the investment management fee incurred. Effective 1/2008, net performance is calculated by deducting the actual investment management fee incurred by each portfolio in the composite. Prior to 1/2008, net-of-fee returns reflect the deduction of the highest annual management fee, calculated on a monthly basis.
8. Internal dispersion is calculated using an asset-weighted standard deviation of annual gross returns of those accounts that were included in the composite for the entire year. Internal dispersion figures that are not meaningful due to the limited number of accounts in the composite are annotated by N/A. The three-year annualized standard deviation measures the variability of the composite and the benchmark returns over the preceding 36-month period.
9. The U.S. All Cap Value Composite was created June 2004. A complete list of composite descriptions is available upon request. Performance presented prior to June 21, 2004 occurred while the Portfolio Management Team was affiliated with a prior firm and the Portfolio Management Team members were the only individuals responsible for selecting the securities to buy and sell.
