2003*	--	156	Five or fewer	37.77%	36.47%	57.79%	N.A	N.P	N.P

N.A. - Information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year. *Information presented prior to June 21, 2004 pertains to portfolios managed by the Portfolio Management Team while affiliated with prior firms. The presentation conforms to GIPS® guidelines regarding the portability of investment results. **Net performance reflects the gross-of-fees return reduced by the investment management fee incurred. Effective 1/2008, net performance is calculated by deducting the actual investment management fee incurred by each portfolio in the composite. Prior to 1/2008, net-of-fee returns reflect the deduction of the highest annual management fee, calculated on a monthly basis. N.P. – Information is not presented because 36 monthly returns are not available.

- Global Small Cap Composite contains fully discretionary portfolios managed by Epoch using an investment strategy that pursues long-term capital appreciation by investing in growing, attractively valued U.S. and non-U.S. companies with market capitalizations below \$5 billion. It offers investors access to under-researched companies with high return potential in growing segments of global markets. The strategy aims to exploit inefficiencies in the asset class by selecting individual companies using our free-cash-flow valuation methodology. Our bottom-up security selection and risk management process leads to a portfolio of 70-90 stocks. The minimum account size for this composite is \$500 thousand.
- For comparison purposes, the composite is measured against the MSCI World Small Cap (Net) Index. [Net total return indices reinvest dividends after the deduction of withholding taxes, using (for international indices) a tax rate applicable to non-resident institutional investors who do not benefit from double taxation treaties]. Effective July 1, 2009, the benchmark was changed from the S&P Developed Small Cap Index to the MSCI World Small Cap (Net) Index because it is more representative of the composite's investment strategy. This change has been applied retroactively. [Prior to October 1, 2008, the S&P Developed Small Cap Index was known as the S&P/Citigroup EMI World Index].

Global Small Cap

3. Epoch Investment Partners, Inc. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Epoch Investment Partners, Inc. has been independently verified for the periods June 21, 2004 through September 30, 2018. Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. The Global Small Cap composite has been examined for the periods June 21, 2004 through September 30, 2018. The verification and performance examination reports are available upon request.
4. Epoch Investment Partners, Inc. is a wholly owned subsidiary of The Toronto Dominion Bank. Epoch Investment Partners, Inc. ("Epoch") became a registered investment adviser under the Investment Advisers Act of 1940 in June 2004. Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.
5. Results are based on fully discretionary accounts under management, including those accounts no longer with the firm.
6. Effective January 1, 2008, our significant cash flow policy has been removed. This policy amendment will not be applied retroactively. Effective January 1, 2006, our significant cash flow policy had been redefined as in excess of 25% of the portfolio market value. Prior to January 1, 2006, composite policy required the temporary removal of any portfolio incurring a client initiated significant cash inflow or outflow of 10% or greater of portfolio market value. This policy was not applied to the advised Epoch mutual funds, if applicable. Additional information regarding the treatment of significant cash flows is available upon request.
7. Valuations are computed and performance is reported in U.S. dollars. Returns are presented gross and net of management fees and include the reinvestment of all income. Gross-of-fees returns are presented before management fees but after all trading expenses. Net performance reflects the gross-of-fees return reduced by the investment management fee incurred. Effective 1/2008, net performance is calculated by deducting the actual investment management fee incurred by each portfolio in the composite. Prior to 1/2008, net-of-fee returns reflect the deduction of the highest annual management fee, calculated on a monthly basis. Returns include the effect of foreign currency exchange rates. Composite and benchmark (international indices) returns are presented net of non-reclaimable withholding taxes.
8. Internal dispersion is calculated using an asset-weighted standard deviation of annual gross returns of those accounts that were included in the composite for the entire year. Internal dispersion figures that are not meaningful due to the limited number of accounts in the composite are annotated by N/A. The three-year annualized standard deviation measures the variability of the composite and the benchmark returns over the preceding 36-month period.
9. The Global Small Cap Composite was created June 2004. A complete list of composite descriptions is available upon request. Performance presented prior to June 21, 2004 occurred while the Portfolio Management Team was affiliated with a prior firm and the Portfolio Management Team members were the only individuals responsible for selecting the securities to buy and sell.
10. The management fee schedule is as follows:

Global Small Cap (Separate account minimum: \$50 million)	
ASSETS UNDER MANAGEMENT	FEE
First \$50 million	0.95%
Next \$50 million	0.85%
Over \$100 million	Negotiable

Past performance is not indicative of future results. Actual investment advisory fees incurred by clients may vary. Minimum account sizes, fees and fee structure, and other conditions may be waived or modified in the future, and have been waived or modified in the past, at the discretion of Epoch.
