N.A. - Information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year. \*\*Net performance reflects the gross-of-fees return reduced by the actual investment management fee incurred. Effective 1/2020, net performance is calculated by deducting the actual investment management fee incurred by each portfolio in the composite. Prior to 1/2020, net-of-fee returns reflect the deduction of the highest annual management fee in effect at the time (0.55%), applied on a monthly basis. Effective July 2020, the U.S. Equity Capital Reinvestment Composite name has been changed to the U.S. Quality Capital Reinvestment Composite. There has been no change to the underlying strategy and/or management of the product. N.P. – Information is not presented because 36 monthly returns are not available.

1. U.S. Quality Capital Reinvestment Composite contains fully discretionary portfolios managed by Epoch using an investment strategy that seeks to provide an attractive total return with market-like volatility by investing in U.S. companies with strong free cash flow and which provide long-term capital appreciation. The strategy will invest primarily in equity and equity-related instruments of companies. The portfolio will invest in companies that generate growing free cash flow and possess management with consistent and successful capital allocation policies with a focus on generating returns for shareholders. The portfolio generally will hold the securities of approximately 75 – 100 U.S. domiciled issuers. The minimum account size for this composite is \$500 thousand.
2. For comparison purposes the composite is measured against the Russell 3000 Index.
3. Epoch Investment Partners, Inc. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Epoch Investment Partners, Inc. has been independently verified for the periods June 21, 2004 through March 31, 2022. The verification reports are available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report.

4. Epoch Investment Partners, Inc. ("Epoch") is a wholly owned subsidiary of The Toronto Dominion Bank. Epoch became a registered investment adviser under the Investment Advisers Act of 1940 in June 2004. On December 31, 2021, TDAM USA Inc. ("TDAM USA") was merged with and into Epoch resulting in clients of TDAM USA becoming clients of Epoch.
5. Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request.
6. Results are based on fully discretionary accounts under management, including those accounts no longer with the firm.
7. Valuations are computed and performance is reported in U.S. dollars. Returns are presented gross and net of management fees and include the reinvestment of all income. Gross-of-fees returns are presented before management fees but after all trading expenses. Net performance reflects the gross-of-fees return reduced by the actual investment management fee incurred. Effective 1/2020, net performance is calculated by deducting the actual investment management fee incurred by each portfolio in the composite. Prior to 1/2020, net-of-fee returns reflect the deduction of the highest annual management fee in effect at the time (0.55%), applied on a monthly basis.
8. Internal dispersion is calculated using an asset-weighted standard deviation of annual gross returns of those accounts that were included in the composite for the entire year. Internal dispersion figures that are not meaningful due to the limited number of accounts in the composite are annotated by N/A. The three-year annualized standard deviation measures the variability of the composite gross returns and the benchmark returns over the preceding 36-month period.
9. The U.S. Quality Capital Reinvestment Composite was created in December 2017, and the inception date is December 31, 2017. Effective July 2020, the U.S. Equity Capital Reinvestment Composite name has been changed to the U.S. Quality Capital Reinvestment Composite. There has been no change to the underlying strategy and/or management of the product.
